About
Innovative Group

Mr. Saravana Prasad is the Founder, Chairman of Innovative Group, based in India and expanding in UAE. Having an experience of over 25 years in the Media & Entertainment Industry, Innovative Group has established its presence in the South Indian Film Industry by way of Production, Exhibition, Distribution, Studios, Entertainment & Academics. Innovative has countless associations with leading Production & Media houses such as Suresh Productions, Sun Network, Endemol Shine Group, Viacom 18, Global Agencies, Zee Entertainment, Star Suvarna, Pixel Pictures, Golden Amber, Allu Entertainment, Rockline Productions, V-Creations, etc.

Innovative is producing four feature films in South Indian languages along with International co-production partners.

Innovative Multiplex - 9 Screens, located in Bangalore, established in the year 2003 is the Group's flagship project which boasts of being the first Multiplex in South India.

Innovative Film Academy offers UG & PG courses in Filmmaking along with weekend workshops & other short term courses to young filmmaking enthusiasts, where it has trained & introduced many talented young artist & technicians to the film industry.

MasterChef - South India, World Famous International Reality Show is produced by Mr. Saravana Prasad in four South Indian languages - Tamil, Telugu, Kannada & Malayalam with celebrity Hosts - Vijay Sethupathi, Tamanna, Prithviraj & Sudeep.

Shakeela Film produced by Mr. Saravana Prasad, made in Hindi & dubbed in four languages, released in more than 1000 screens across India.

Innovative group is associated with International Production Houses where it facilitates venue & production infrastructure for mega reality shows such as BIGG BOSS.

Mr. Saravana Prasad takes the pride of establishing Innovative Film City, a renowned tourism landmark situated in Bangalore. Operational since a decade it entertains close to a million visitors per annum. Innovative Film City offers world class Studios, with 6 Studio Floors, other production infrastructure & facilities, where close to 500 feature films & countless digital content, TV Serials & Shows have been shot till date at Innovative Film City.

Innovative Post Production Studios offers modern state of art services & technology which includes Sound Studio, Edit Suites, DI, Color Corrections, Visual Effects, Dubbing & Sub-titles.

Mr, Saravana Prasad is the Founder & Festival Director for the prestigious Innovative International Film Festival (IIFF) held in Bangalore every, with its 5th Edition to be held from 6th to 9th October 2022. The festival features 100+ well-curated World & Indian Cinemas with 30+ countries as its participants along with many re-nowned & amateur film makers. The festival appreciates & celebrates cinematic excellence by recognizing & awarding film personalities in its award ceremony.

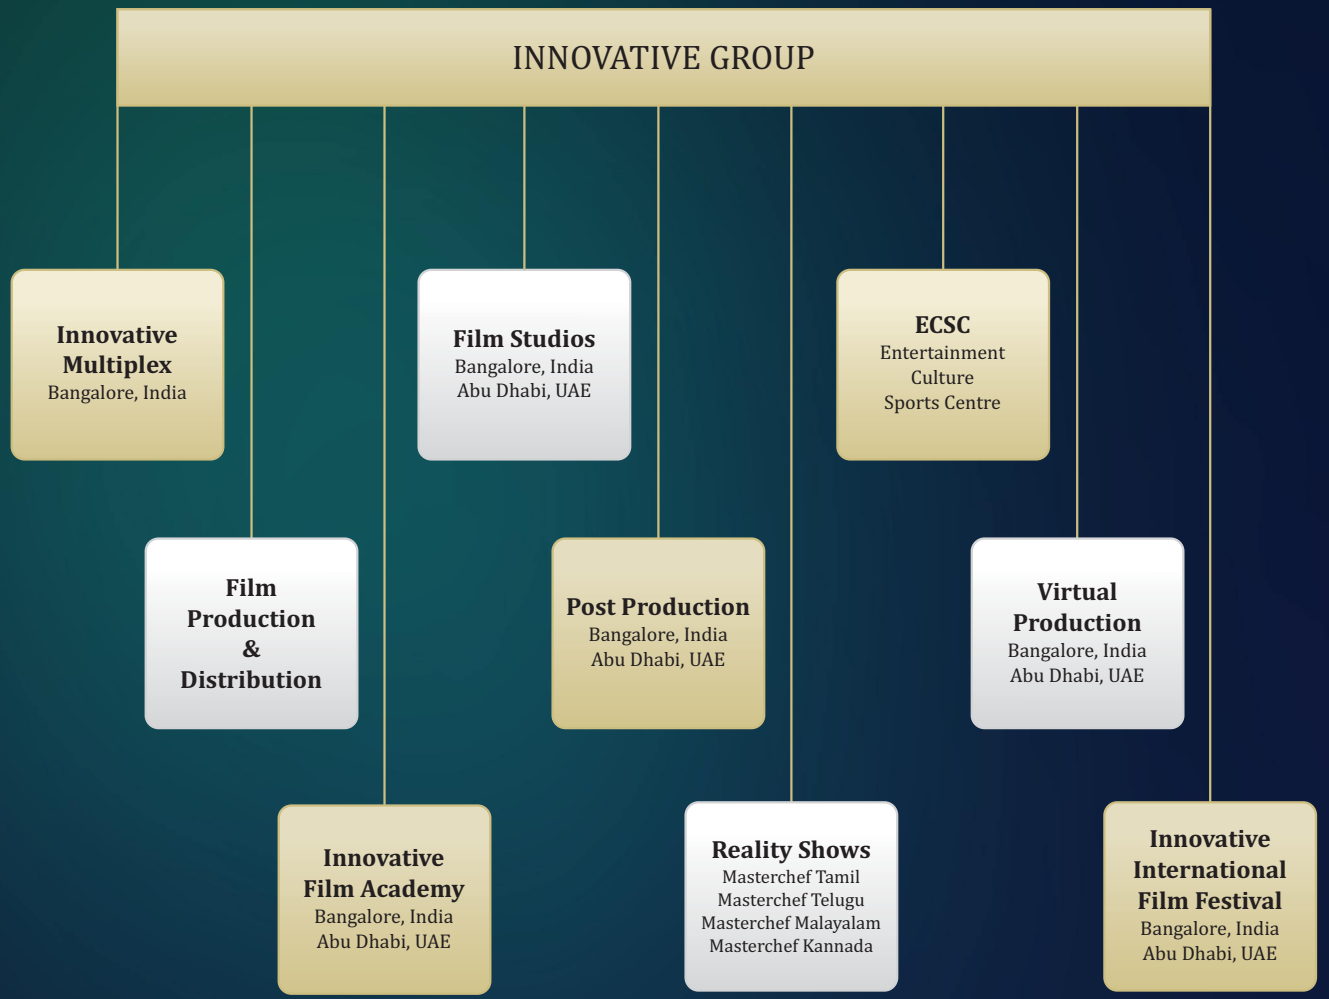

Currently, Mr. Saravana Prasad is working on expanding his Studio business oversees and setting up Virtual Production Studios in Abu Dhabi.

Allu Aravind, Mentor

Allu Aravind is an Indian Film Producer, Exhibitor & Distributor in India. He produces films under his production banner Geetha Arts. He is one of co-owners of the Indian Super League Club Kerala Blasters FC.

He has three sons named Allu Venkatesh, Allu Arjun, and Allu Sirish. Arjun and Sirish are actors. He is the maternal uncle of actor Ram Charan. Some of his notable works as a producer are Vijetha, Master, Ninaithen Vandhai, Mangalyam Tantunanena, Annayya, Pellam Oorelithe, Gangotri, Johnny, Bunny, Jalsa, Ghajini, Magadheera, Darling, Sarrainodu and Dhruva. GA2 Pictures is Indie Production arm of Geetha Arts which they produce small and medium budgeted movies. Jalsa, a Telugu film starring Pawan Kalyan grossed $10 million at the box office. His film Ghajini, a Bollywood movie starring Aamir Khan grossed over $45 million at box office, making it the highest grossing Indian film of the year. The Magadheera, a big-budget swords and sandal epic that grossed $25 million at the box office.

Comprehensive Skill Training Programs in Filmmaking

Innovative Film Academy (IFA) is a Registered Training Institute which offers elaborate state of art education & training to young students as well as industry professionals in the field of Filmmaking. It offers One Year Post Graduate & Under Graduate Diploma Courses in Filmmaking and Acting aloongwith short-term courses and weekend Masterclasses.

The philosophy of IFA is "DOING IS LEARNING". It is the first film academy in India, which offers extensive "HANDS-ON" training to its students. Innovative Film Academy is also a production house engaged in film & content production. Students can witness and learn from the latest Film & TV Productions & avail internship opportunities on the real-life projects. Throughout the course students will utilize industry-standard equipment in premier professional facilities.

IFA's Board consists of leading veterans & experienced filmmakers; hence the students get access to Workshops & Seminars conducted by the experienced & learned film industry professionals as well as legends. Students will learn the craft of filmmaking and acquire significant production experience.

IFA organizes Innovative International Film Festival (IIFF) every year in the month of October where students get an exceptional opportunity to meet and network with not just the regional & national film professionals, but with the global film industry. They also gain invaluable professional skills and establish a network of working relationships with classmates that can become a part of their professional life, long after they complete the program, as well as with eminent industry professionals.

From the initial stages, IFA teaches the fundamentals skills of filmmaking, trains them & equips them well enough to make their own short film by the end of the course. Selected film(s) are recognized at IIFF and also sent to the reputed Film Festivals for Screening Competition. IFA is the first Indian institute to offer International Standards of learning in the area of film production.

Students are immediately tasked with completing a variety of intensive subjects covering Direction, Screen Writing, Production, Camera, Lighting, Editing & Acting. Lectures and assignments impart useful theory, which students then apply by producing their own short films. This combination of theoretical and hands-on learning makes Innovative Film Academy a league apart from any other institute in India. IFA combines essential concepts and theory with extensive practical experience.

Students take a wide variety of filmmaking classes, covering everything from the essentials of directing to how to develop a script and operate a variety of high-end HD cameras. Contact hours include in-class instruction as well as instructor-supervised workshops, where students gain hands-on experience with the equipment they will use on their own original projects. All of this is done under the guidance of expert instructors who are active professionals in their fields.

IFA Networking Opportunities

Innovative Group is engaged in the production, distribution & Exhibition of Films & TV Shows. IFA offers its student with a platform to connect with Filmmakers across the Globe.

- 2 Feature Films
- Reality Show – MasterChef Season 2
- TV & Digital Content

Upcoming Feature Film

Innovative Film Academy is currently launching the production of its feature film - “The Mind”. Major part of the film will be shot in Austria.

Innovative Film Academy is currently launching the production of its feature film - “The Mind”. Major part of the film will be shot in Austria.

SYNOPSIS - The story revolves around seven students studying in Salzburg University, Austria. They are pursuing their PhDs in various disciplines, such as Music, Art & Culture, Adventure, Psychology, Dance, Turbocharged Formula1 Engineering, Acting and Filmmaking. The story revolves around how the new generation perceives life, success, commitment and passion. Friendship & Relationships are the key themes of this story. The main takeaway is that one can remain true to their values and heritage while learning from the culture of the places they travel to. They can blend the two to form their own culture. The story also highlights the generational gap between the students and their parents, in terms of mindset, lifestyle and even guiding principles.

The story sends the strong message The Mind is the only the factor that will guarantee your success, wealth and health.

Best European Cinema | Best Indian Cinema | Best South Indian Cinema | Best Documentary

Short Film Corner

Short Film Corner, will take place in at Innovative International Film Festival from 6th to 12th October 2022. The aim of the short film corner is to promote contacts between professionals having the significant roll directly linked to the direction, production, broadcast or promotion of short films. The Short Film Corner is not a selection or competitive section. Rather, the Short Film Corner resides in a “Film Market” setting by creating a Film Catalogue for use by Industry professionals.

Innovative Virtual Production Studios

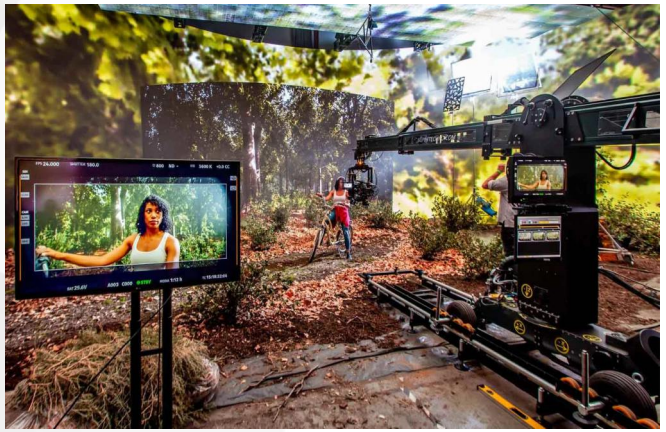

Innovative Film academy is proud to announce the first virtual production set in India - the largest and most sophisticated virtual filmmaking environment yet made.

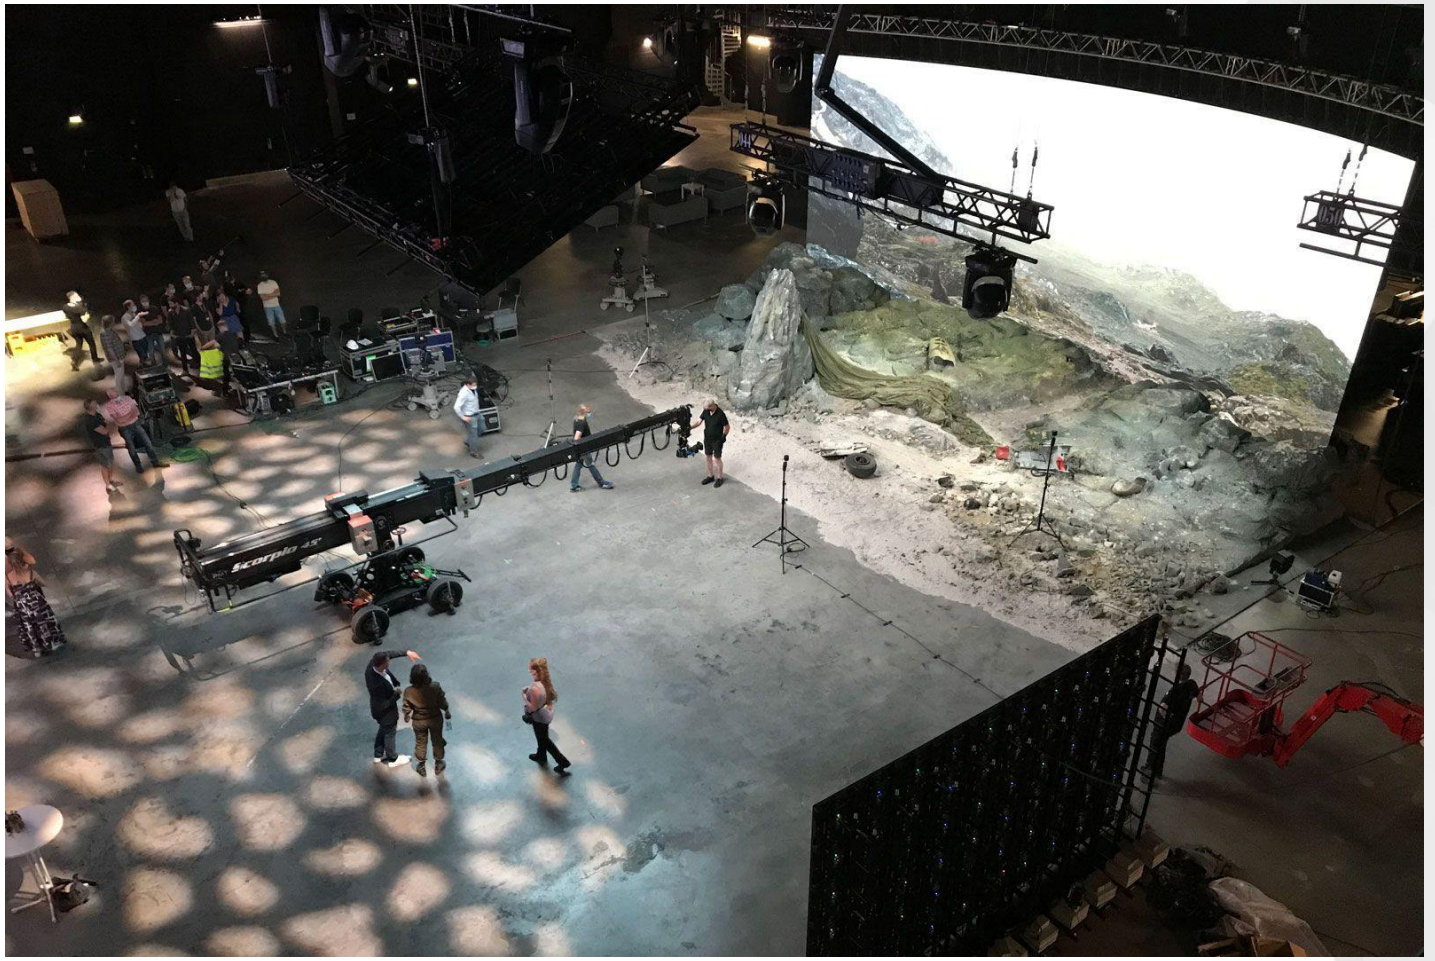

The background is a set of enormous LED screens such as you might have seen onstage at conferences and concerts. The volume is bigger than any of those - but more importantly, it's smarter.

The innovation in Virtual production Sets and other, smaller LED walls (the more general term for these backgrounds) is not only that the image shown is generated live in photorealistic 3D by powerful GPUs, but that 3D scene is directly affected by the movements and settings of the camera. If the camera moves to the right, the image alters just as if it were a real scene.

The Innovative Virtual Production Studio will be setup in Bangalore & Abu Dhabi.

Film, Television & Acting

1 Year Diploma Course in Filmmaking with a Specialization in Acting

Work on our own projects! Innovative Film Academy is a studio as well and we give our students real time opportunities by taking them to live shoots and ongoing projects. Also get an opportunity to intern with us!

Want to be a Film, OTT or Television Artist? Here is a Golden Opportunity. Achievers in their respective fields will be your teachers. Veteran Film Personalities and Theatre Personalities will be your guide.

Course Content

Basics of Filmmaking (Including Basics of Cinematography, Direction, Scriptwriting, Postproduction & Editing) | Film Appreciation | Film Acting Theory & Practical | Theatre Acting | Mime Acting | Techniques of Acting | Comedy | Horror | Drama | Action | Body Movement Training - Stunt, Dance & Yoga | Advanced Vocal and Movement Training | Scene Study | Improvisation | Facing & Preparing for Auditions

Filmmaking Projects

The Acting Specialization students work hand – in – hand with the other department specializations from the filmmaking program. This provides all our acting students with the resources they need to shoot live film shoots, as well as, gives them opportunities to network with directors, screen play writers, editors, cinematographers and more. IFA believes in hands on training and students get to access real filmmaking equipment during their projects.

Make short films | Student Reels/Profile Shoots – Shoot your intro and profile with us | Music Video | Street Plays | Acting & Reacting, Shot Acting, Camera Acting | Dubbing | Performance | Ad Shoots.
